Devil's Slide Tunnels Project
Contractor/Fabricator/Supplier Outreach Briefing

CALTRANS will conduct a Contractor/Fabricator/Supplier outreach briefing for the construction of the Devil's Slide Tunnels project, located just south of the City of Pacifica in San Mateo County, California. The briefing will focus on construction of the 1250 meter long twin tunnels using New Austrian Tunneling Method (NATM) and an Operations and Maintenance Center (OMC) building for contract 04-1123U4.

This briefing will include a networking session to promote collaboration between Prime and Sub Contractors. Furthermore, CALTRANS encourages the participation of Disadvantage Business Enterprises.

For project information and briefing registration, visit the Devil's Slide Tunnels Project Webpage at: <http://www.dot.ca.gov/dist4/dslide.htm>
